

VOV DYLAN SIGNS TO FANFARE RECORDS

Over the years the music business has seen many violinists cross the bridge from classical music to mainstream popular performing. Vov Dylan follows in the footsteps of the likes of Martin Lass, Vanessa May, Nigel Kennedy and more recently Andre Rieu. Audiences continue to enjoy to sweet sounds of the violin delivered with a fresh and entertaining style and Vov Dylan is bound to win new fans with his recording *Timeless*, says Robert Rigby, head of Fanfare Records.

On recording his latest album *Timeless*, Vov says, "We set about creating a mood album, rich in tone, without pretensions and with visions of a high class hotel, late at night, cocktails in hand and sitting next to someone you love. So treat yourself, find the someone you love, turn the lights low, pour a glass of choice and enjoy a timeless moment."

Vov Dylan was first recognised for his musical talents at 21 months old, when he had his first newspaper coverage.

Since then he has covered most areas of media and live entertainment, including international tours, movies, radio and television broadcasts, and countless live performances for public and private functions.

This wealth of experience has given Vov a solid understanding of an audience and how to deliver to them a tailor-made performance, which goes above and beyond expectations.

In recent years, Vov has had an increasing presence in that he has received ACE and MO award nominations.

Vov is now being recognised not only for his ability to make the Violin sing, but he is also now the World's Fastest Violinist having performed the "Flight of the Bumblebee" at 38.1 seconds!

Recently recognised for his hosting abilities, Vov is now the host of Variety Australia – a show in celebration of the great performers of Australian Stage, TV and Radio. The Programme is aired on FINE MUSIC 102.5 in Sydney and is going national on the Community Broadcast network from January 2015.

Not only is Vov a Multi-Award Winning Violinist and officially the World's fastest Violinist, he is now referred to as Australia's answer to André Rieu. So much so that one audience member has said, "Vov Dylan turned out to be a young, extraordinarily talented Australian violinist, whose ability, personality and stage presence is a match for Andre Rieu (and he is much prettier, too)."

Vov Dylan will be touring *Timeless* throughout 2015. Visit his website for further details. www.vovdylan.com
